Information for media

TV3 Group offers simulcast translations of channel Ukraina 24

On February 27, TV3 Group started rebroadcasting news channel Ukraina 24 on all its platforms in Lithuania, Latvia and Estonia. To make channel content more accessible, TV3 Group has launched an English language live audio track of the channel, while also continuing work on Russian translation, which will be available starting March 2.

TV3 Group will provide most of the day time content translation, aiming to cover more hours by attracting more interpreters.

Channel Ukraina 24 is joint news channel of Ukraine's biggest media groups and is currently the main source of information about what is happening in the country. It is available on TV3 Group's Go3, Home3 and TV3 Play platforms.

TV3 Group invites all media companies to join this initiative by adding this channel to your cable and satellite platforms.

The technical parameters for broadcasting are as follows: satellite Astra 4A at 4.8°E, Frequency: 11938 MHz, polarization: linear Vertical, Standard: DVB-S2, modulation: 8PSK, Symbol rate: 27500, FEC: 5/6, Roll-off 0,2, Service ID: 10650, Channel name: Ukraina 24 International/ languages: Ukrainian (Original), English, Russian and Lithuanian.

As mentioned earlier, The distribution of Russian-produced content is being suspended on all TV3 Group's platforms and Russian-produced content is being removed from the programs of the media group's TV channels.
